

## Will Writing / Lasting Power of Attorney

### 30 September 2014, Tuesday

### JTJB Office

#### ABOUT THIS SEMINAR

Of late, limelight has been cast over distraught family members fighting over the estate of deceased relatives. Would these sagas have been prevented if there had been better estate planning on the part of the deceased?

What happens if a person becomes mentally incapable of managing his/her own affairs? In such a case, even if one has made a Will, it will not have taken effect since he/she is still alive. The solution would be to appoint a trusted individual(s) to manage the personal welfare and affairs through a lasting power of attorney ("LPA") whilst one is mentally capable of managing his/her own affairs.

In this seminar, we will highlight:

- 1) the importance of Will making;
- 2) the application of the Intestate Succession Act;
- 3) the difference between CPF nomination and provision under a Will;
- 4) the importance of having a Lasting Power of Attorney.

We invite you to attend this session, which will be beneficial for your own estate planning and that of your loved ones, and protect your family members from unnecessary agony in the administration of estate upon death.
