

## 2020 Global Sulphur Cap

### Issues and Solutions

The 2020 Global Sulphur Cap is a major regulatory change that will affect shipowners particularly and the maritime industry generally.

This seminar will explore potential risks and legal liability as well as the technical issues relating to choosing and using scrubbers.

### About the Speakers

Murali is an Advocate and Solicitor of the Supreme Court of Singapore. He read law at the University of Warwick was called to the Bar of England and Wales in 1995. He was called to the Singapore Bar in 1997 and became the Managing Partner of JTJB LLP in 2013.

Murali's practice focuses on commercial and shipping cases. He is a Senior Accredited Specialist in Maritime & Shipping Law and has advised and acted as counsel in a wide range of maritime cases including disputes involving charterparties, cargo loss/damage, marine insurance, casualty and collisions. A number of his cases before the Singapore High Court and Court of Appeal are reported.

Murali Pany is a Senior Accredited Specialist in Maritime & Shipping Law.

Prior to joining TMC, Ken spent 20 years at sea, during which time he served in all ranks up to Chief Engineer. During this time, he served on various ship types including oil and gas tankers, container vessels, reefer vessels and high-speed ferries.

Since joining TMC, Ken has carried out investigations into machinery and propulsion problems whilst acting on behalf of major P&I clubs and owners. He has also been involved in the technical aspects of the design of gas tankers and assisted the owners during their negotiations with shipyards.

Ken is also experienced with the ISO-9002/ISO14001 and OSHAS18001 standards and their implementation. In October 2010, Ken took over as the Managing Director of TMC's Singapore office.
